1 [Isosurface extraction techniques for Web-based volume visualization](#)

Klaus Engel, Rüdiger Westermann, Thomas Ertl

October 1999 **VIS '99**: Proceedings of the conference on Visualization '99:
celebrating ten years

Publisher: IEEE Computer Society Press

Full text available: [pdf\(2.16 MB\)](#) Additional Information: [full citation](#), [abstract](#), [references](#),
[cited by](#), [index terms](#)

The reconstruction of isosurfaces from scalar volume data has positioned itself as a fundamental visualization technique in many different applications. But the dramatically increasing size of volumetric data sets often prohibits the handling of these ...

Keywords: Web-based applications, distributed systems, isosurface reconstruction, volume visualiation
